### Material & Construction

The countertop, skirt sides and water distribution head are made from anti-microbial solid surface. Solid surface is a composite material of acrylic polyester polymer resins and aluminum trihydrate fillers. The material is resistant to stains and burns and complies with ANSI Z124.3. Solid surface cleans easily with Scotchbrite®, household cleaners or fine grit sandpaper. Solid surface is available in 15 colors.

The Streamlav includes a heavy 18 gauge steel support frame. The frame is pre-assembled. The front skirt is made from 20 gauge type 304 stainless steel.

The Streamlav™ is supplied with 1 1/2" chromed brass grid strainers and drain assembly.

### Anti-microbial

The Streamlav bowl, sides, and water distribution head are manufactured with an anti-microbial agent. The agent is present both on the surface and on the inside of the material and will not dissipate or scratch off. In contact with moisture, anti-microbial ions will be released and effectively kill bacteria.

### Standard Equipment

One-piece bowl in anti-bacterial solid surface material, solid surface side covers, stainless steel mounting frame and skirts, Sensor water distribution head, 3 x 6V batteries, drain assembly, and tail piece.

### LEED Compliance

When supplied with AquaDesign's faucets, The Streamlav contributes to meeting LEED requirements in the following categories:

- WEp1 - Water Efficiency
- WEc3 - Water Use Reduction

Each nozzle has a flow rate of 0.50 gpm. The water cycle for the pushbutton operated units lasts 10 seconds dispersing that 0.083 gallons of water per cycle.

### Accessibility

**Standard Height:** The Streamlav is designed to meet all ADA and TAS guidelines when mounted at the standard rim height of 34".

**Juvenile Height:** The Streamlav complies with ADA and TAS guidelines for the various juvenile categories when mounted at the proper rim height.

### Technical

- Drain size: 1 1/2"
- Warranty: 5 years limited warranty on material and 1 year limited warranty on components.

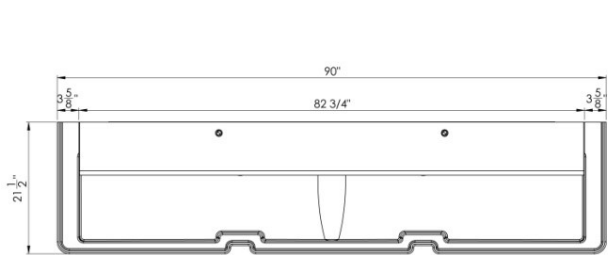

### SAMPLE SPECIFICATION
