Description

The multifeed top filling soap dispenser kit is the ideal solution for heavy usage areas. The multifeed system simultaneously supplies liquid soap to up to 6 soap dispensers. Includes a 5-liter soap container.

Powered by a 12V transformer. Top filling mechanism with high quality chrome plated anti-theft cover. No need to remove the container from its support below the counter to refill the soap. Can be used with any soap dispenser from The Intersan Group.

Application

The multifeed soap dispenser kit is simple, clean and quick to install. It helps ensure that the restroom stays organized and neat and provides a germ free automated environment.

Warranty

One year limited warranty.
